

Annandale School Council

School councils are valued by the TVDSB for their representative role of the school community. Their collaborative, consultative and advisory role plays a significant part in supporting the operation of our schools. Their purpose is to work in an advisory capacity with school administration to improve student achievement, well-being and belonging, and enhance the accountability of the education system to caregivers/guardians. To this end, school council meetings are open to the public.

Annandale School Council has a sub-committee, the PTA, which is the fundraising committee of the school council.

School Council's must meet a minimum of four times a year, which is what Annandale School Council currently does. The PTA meets more often, typically monthly.

Nominations for Council Positions are held every fall for the new school year. This year's council members, 2024 – 2025, are as follows:
